VIII. OTHER DISTRICT BUSINESS
   A. Silverado Children’s Center Advisory Commission
      Director May will chair the discussion of this item, which will include a 15 minute period for public input. Time allotted to each speaker will be 2 minutes, or 15 minutes divided by the number of speakers who sign in, whichever is larger.
      Discuss establishment of Children’s Center Advisory Commission to assist the board and the center’s director in identifying and acting on business/marketing issues for the center. The commission would refer suggestions to the director for review and to the board for potential action. Matters pertaining to the care and schooling of the children will not be addressed in any way by this commission. That area remains under the sole control and discretion of the director.
      IN THE EVENT THAT DIRECTOR MAY IS NOT IN ATTENDANCE, THIS MATTER WILL BE CONTINUED TO THE REGULAR BOARD MEETING OF MAY 9, 2002.
   B. Silverado-Canyon (Holtz) Ranch Development
      Discuss scoping meeting held on March 26, 2002 with developer and HB&P representative. Seek consensus and action on district response to the 47 acre open-space dedication of the “Riviera.” County has required developer to dedicate that portion as permanent open space, deeding it to the county. Our district approached the developer about either taking title or entering into an agreement for long-term lease/management of the land for combination open-space and parks use. Developer was amenable, but first county representative (Eric Jessen, HB&P) was vigorously opposed, seemed disdainful of the district’s ability to maintain an open-space parcel that hasn’t been maintained since the beginning of time, or slightly longer.
   C. Open Director’s Position
      Letter of resignation submitted by Director Sam Wyngaarden on March 14, 2002. Address whether to seek an appointee or let the community decide on a replacement in the general election in November.
   D. Rate Adjustments for Use of Community Centers
      The district has made several attempts over the past year to revise our rate structure to be more in keeping with the practices of other parks districts. Discuss acting on this item or establishing (yet another) committee to make recommendations.
   E. Termite and Water Damage Repairs to Community Centers
      Address critically needed repairs for termite and water damage to both community center buildings.
   F. Consideration of Landscaping Contract Renewal with Snyder & Associates
